Citizen Comments - Time Limits

Citizen was concerned that the Lawn Care Contract would be approved and the Village would be absorbing the insurance increase. The board assured the citizen that the only increase is \$75 for labor cost per cut for the Cemetery. A special meeting will be scheduled to have a final vote on this addendum to the approved contract for the Village.

Citizen was also concerned that all votes by the board should be read back by the clerk.

Citizen was asking about what kind of culverts were being put in the village and if residents would be able to fill on top so that the ground would be more level for mowing.

Discuss/Approve:

Culvert review for Village

The board will meet with residents and Derek Mashuda to decide which type of culverts (solid or with drainage holes) can be put in the Village right of way by their properties. A resident has volunteered labor to put in the foundation for culvert pipe and fill on top of pipe. The type of fill on top of pipe to be determined along with costs to determine when and if it can be done.

Permit Fees for Village

A discussion among board members if the Permit Fees should be lowered or raised was held. The Village can set and define each fee so it was suggested board member Michalos would reach out to John Lust and see how the Village stands compared to other municipalities with our fees.
