Board Member Updates

Bucklin	Reported the Shade Tree Committee held a recent meeting and is finalizing plans and budget allocations for fall tree plantings at various locations including near the tennis courts and by the schools.
Mawson	Nothing additional to report.
Murphy	Nothing additional to report.
Socci	Nothing additional to report.
Doro	- Received a complaint regarding gas powered leaf blowers. Concerns were raised on the environmental impact and noise pollution from gas-powered leaf blowers. He said some municipalities have banned gas leaf blowers; with battery-operated alternatives being quieter and more environmentally friendly. - Potential Pickleball Programming at Village Hall Gym. He is considering a proposal to collaborate with the Town of Washington REC to reopen village hall gym for pickleball, a popular senior activity that had previously been offered. Liability concerns were noted due to the high injury rate of pickleball, especially among seniors. Scheduling, supervision, and responsibility for gym use would need to be clearly defined to avoid issues experienced in the past (e.g., unsupervised use, open windows in winter).

Public Comment	- Mr. Herzog suggested the Climate Smart bronze certification plaques be added to the “Welcome to Millbrook” signs. Mayor Doro said he would talk to DPW about it. - A resident made a comment concerning the restaurant “Millbrook Continental” on Alden Place saying they think they should be allowed to have outdoor dining. Mayor Doro directed him to contact the Planning Board.

RESOLUTION No. LL0032025.2

**Enacting Local Law No. 3 of 2025 Amending Section 220-56 of the Village Code Entitled
“Vehicles and Traffic Schedule XXIV: Handicap Parking” to add one (1) additional
Handicap Parking space**

At a meeting of the Village Board of Trustees of the Village of Millbrook (“Village Board”), held at the Village Hall, 35 Merritt Ave, Millbrook, New York on the 8th day of October, 2025, at 6:00 p.m., Village Mayor, Peter Doro called the meeting to order, and

Mayor Doro, seconded by Trustee Murphy, moved the following resolution, to enact the following local law, to be known as Local Law No. 3 of 2025, entitled “A Local Law Amending Section 220-56 of the Village Code Entitled “Vehicles and Traffic Schedule

XXIV: Handicap Parking” to add one (1) additional Handicap Parking space” as follows:

WHEREAS, the following Local Law was introduced as Proposed Local Law No. 3 of 2025, by Resolution adopted at a regular meeting of the Village Board held on September 10, 2025; and

WHEREAS, a properly noticed public hearing was held before the Village Board during the meeting on October 8th, 2025, on Local Law No. 3 of 2025; and

WHEREAS, the Village Board determined the enactment of this Local Law will have no adverse environmental impacts and issued a Negative Declaration pursuant to the New York State Environmental Quality Review Act; and

BE IT ENACTED by the Board of Trustees of the Village of Millbrook (“Village Board”) as follows:

Section 1. Legislative intent: Chapter 220 of the Village of Millbrook Village Code contains the Village’s regulations with respect to Vehicle and Traffic. The Village Board has determined it is in the best interest of the Village to update and amend Chapter 220 of the Village Code Entitled “Vehicles and Traffic” to add one (1) additional Handicap Parking space to “Schedule XXIV: Handicap Parking” contained in Section 220-56.

Section 2. Section 220-56 of the Village Code is hereby amended to add one (1) additional space in the “Schedule XXIV: Handicap Parking” to include the following language.

“§ 220-56 Schedule XXIV: Handicap Parking.

State Environmental Quality Review (SEQR)

**NEGATIVE DECLARATION
NOTICE OF DETERMINATION OF NON-SIGNIFICANCE**

This notice is issued pursuant to part 617 of the implementing regulations pertaining to Article 8 of the Environmental Conservation Law (SEQR).

The Village of Millbrook Village Board, as lead agency, has determined that the proposed action described below **will not** have a significant adverse effect on the environment and that an Environmental Impact Statement will not be prepared.

DATE: **October 8th, 2025**

NAME OF ACTION: **Local Law No. 3 of 2025**

LOCATION: **Village of Millbrook
Dutchess County**

SEQR STATUS: **Unlisted Action**

LEAD AGENCY: **Village of Millbrook Village Board**

CONTACT PERSON: **Peter Doro, Village Mayor, Village of Millbrook**

DESCRIPTION OF ACTION:

Amending Section 220-56 of the Village Code Entitled “Vehicles and Traffic Schedule XXIV: Handicap Parking” to add one (1) additional Handicap Parking space (the “Project”).

REASONS SUPPORTING THIS DETERMINATION:

The Village Board has reviewed the Short Environmental Assessment Form (EAF) and the criteria contained in 6 NYCRR §617.7 and has determined that the Action will not have a significant adverse impact on the environment for the following reasons:

- A. As required by §617.7(a)(2), the Village Board has determined that an Environmental Impact Statement is not required because any identified adverse impacts on the environment will not be significant.
- B. As required by §617.7(b), the Village Board has:
 - 1. Considered the action as defined in subdivisions 617.2(b) and 617.3(g).
 - 2. Reviewed the EAF, the criteria identified in 617.7(c) and other supporting information to identify relevant areas of environmental concern.
 - 3. Analyzed the identified relevant areas of environmental concern to determine whether the action will have a significant adverse impact.
 - 4. Set forth herein is its written Finding of No Significant Adverse Environmental Impact.
- C. The Village Board has compared the impacts reasonably expected to result from the proposed action to the criteria listed in 617.7(c)(1) as indicators of significant adverse impacts:
 - 1. Air quality, ground or surface water quality or quantity, traffic or noise levels, solid waste production, erosion potential, flooding, leaching or drainage problems;

2. Removal or destruction of large quantities of vegetation or fauna, interference with migration fish or wildlife, impacts to special habitats, impacts to threatened or endangered species, or any other impacts to natural resources;
 3. Impairment of Critical Environmental Areas;
 4. Conflicts with currently adopted community plans and goals;
 5. Impairment of important historical, archeological, or aesthetic resources or community character;
 6. Major change in use or type of energy;
 7. Creation of a human health hazard;
 8. Substantial change in use or intensity of use of land including agricultural land, open space or recreational resources;
 9. Encouraging a population increase;
 10. Creation of a material demand for other actions resulting in above consequences;
 11. Changes in two or more elements of the environment that combined have a substantial adverse impact on the environment;
 12. Two or more related actions undertaken, funded or approved by an agency that combined have a significant effect on the environment.
- D. 617.7(c)(2) – For the purpose of determining significant adverse impacts on the environment of those factors listed above, the long-term, short-term, direct, indirect and cumulative impacts, including simultaneous or subsequent actions, to the extent reasonable, as included in any long-range plan for the action, any action that is a result of the reviewed action or is dependent on the action were reviewed.
- E. 617.7(c)(3) – The significance of any likely consequences was assessed in connection with the setting of the action, the likelihood of occurrence, duration, irreversibility, geographic scope, magnitude and the number of people affected as a consequence of the action.

Based on this review, the Village of Millbrook Village Board has determined that no significant adverse environmental impacts would result from this Action.

Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing:		
a. public / private water supplies?		
b. public / private wastewater treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?

Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
