

Village of Millbrook

Climate Smart Community Meeting Minutes

April 2, 2026

Members present:

Mike Herzog, Peter Groffman, Eldar Shuminov, Genevieve Glasson, Chris Wilson

1. TOW Earth Day Celebration

The CSC Board voted to participate in The TOW Earth Day program on Sunday, 4/19/26 from 12 noon-4PM. Two Earth Day posters have been ordered for the event. Mike Herzog will provide a mounted NRI Map showing the Village drinking water sources. Genevieve Glasson, Eldar Shuminov, and Chris Wilson will join Mike Herzog at Village of Millbrook CSC Community table to discuss water resources, current work on Pledge Elements and future plans.

2. Possible Village of Millbrook and TOW CSC Merger

A discussion was held to determine the pros and cons for joining both CSC Committees into one group. During the discussion the following points were made:

- As separate groups both committees could continue to work on separate Pledge Elements without the need for both groups becoming one.
- Given the number of committee members in both groups it would be difficult to achieve a quorum for voting on motions.
- Current TOW CSC committee members are focused on trying to achieve Bronze Status. The Village CSC has already met that goal.
- At the December CSC meeting, the committee decided to pursue two pledge elements jointly with TOW when they felt ready to proceed.

Motion to vote on a decision to become one group was tabled until the next meeting.

3. Current Progress on Open Pledge Elements

Discussion of item #3 was tabled to next meeting.

4. Set A Schedule for Future 2026 Meetings.

A tentative list of monthly meetings was established as follows: May 21, June 18, July 16, August 20, September 17, October 15, November 19, December 17

5. Adjournment

A motion to adjourn was made by Mike Herzog, seconded by Eldar Shuminov and passed at 5:30PM

Minutes prepared by Mike Herzog / April 15, 2026
