Date of Village Board Action (if required):	Potential to be in effect 01-01-2025

Information

Subject: Need for discussion to increase/add a fee for EMT-A service call.

Background Information/Rationale: We have changed our service level of EMS to "Flex-EMS" which allows advanced EMT's to utilize their advanced skills. With this comes an addition expense for supplies, equipment needs and training.

Key Issues for Consideration: Fee to include personnel training, equipment, supplies. Utilizing EMT-A's reduces the number of times a "paramedic-intercept" needs to be called as our personnel can do a number of the same skills.

Fiscal Impact (If any): Fee = income

Requested Action by Committee/Board: Meeting/resolution prior to 12-31-2025
