Information

Subject: Remove water and sewer rates from the fee schedule and place them on the web site under the utilities.

When I was asked to look at this and updated it, I noticed we have water rates then sewer rates then stormwater rates, then back to water rates. I would like to keep them all separate and post to each utility.

I looked to see what other municipalities do and couldn't find one that has their utility rates on their fee schedule.

The PSC's public hearing is 1/6/2025 and after that they will make their final decision on our new rates.

Fiscal Impact (If any): \$0

Requested Action by Committee/Board: I would recommend posting our utility rates on the web site under the utilities.
