Hi Laurie,

It looks like current utility user rates are posted on the Village's website, which is a great start. You may also choose to include them in your ordinances or fee schedules. As for the water rates, you'll receive a final order with the updated tariff and rates set by the latest Conventional Rate Case following the public hearing.

I will check back with Brian when he is back in office to see if he has any additional insight to provide as well.

Thank you,

Ariana Schmidt

Subject: water/sewer rates

Ariana and Brian,
Shouldn't our water/sewer/stormwater rates be somewhere either in the village ordinances or on our fee schedule?

thanks

When I worked in Arlington, YES, we had the water/sewer base cost listed on the fee schedule. Just made sense for residents to find it easy.

Hello Laurie....Yes, our water/sewer rates are approve as part of the fee schedule that lists all the fees and charges that the Village Board has approved for licenses, permits, services, and other fees. We put this on our website as a pdf for public use. I am giving you the spreadsheet version, just in case you wanted to use it as a template.

Wishing You THE VERY BEST in 2026,

We do include our water/sewer fees in our fee schedule. That way everything is contained in one document.

Do you have your water/sewer rates listed on your fee schedules? We have a separate document that the board approved by resolution called our Fee Schedule, it lists all fees and charges that the Village Board of the Village of Palmyra licenses, permits, activities and services.

Thank you in advance

Yes, you are correct.

I just looked at the ordinance and did find our water and sewer rates listed but they are not current. We also have Public Fire Protection now being direct billed. That is not in the ordinance as it just started in May of this year.

I am thinking of putting them on the fee schedule as you are, then in the ordinance stating the fees are listed in the fee schedule and the PSC Tariff. I will be putting this on the agenda for the next board meeting.
