

PUBLIC WORKS MONTHLY REPORT

When not plowing or moving snow the crew has been working on winter projects,

- **Moving phosphax analyzer, and effluent sample location to a permanent place in the MBBR building**
- **Building another A frame structure and winch for sludge removal so we don't have to keep moving around on the pond.**
- **Scraping and repainting piping at both wells**
- **We will be out patching streets this week**

The PFAS Treatment Plant is out to for bid. The deadline to bid is end of February. We will award project at the first meeting in March.

The Marsh Road development should be going out to bid shortly.
