Good Morning Laurie,

See attached updated permit suggestion. This is an old copy, so the only part that really needs updating is the phone number line (suggest remove this line as it is not required per Wi 167.10 and streamlines the permitting process in store during busy times in store, as well as pre populate the "Type and Quantity of Fireworks Purchased" as "1.4g (Consumer Fireworks per definition in Wis. Stat. 167.10)" since this permit ONLY is for those items. Other areas of 167.10 do address a permit being required for "Display" fireworks, which are contracted shows. Those are different from retail/consumer fireworks. Feel free to let me know if there are any questions with the updates. Have a great weekend!

Thank You,

- Aaron -
