Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements on the Municipal Obligations shall be a revenue obligation evidenced by issuance of revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Water System, and the Municipality shall agree that, if revenues from the Water System are insufficient to meet annual debt service requirements, the Municipality shall purchase water services in amounts sufficient to meet annual debt service requirements as provided in and set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations, and any other debt obligations payable from the revenues of the Water System then outstanding, times the greater of (i) 110 percent or (ii) the highest debt service coverage ratio required with respect to any Parity Obligations, or any other debt obligations payable from the revenues of the Water System then outstanding. As of the date of this FAA, the required debt service coverage ratio is 110 percent; however, this percentage is subject to change as outlined in the prior sentence. The Municipal Obligations are also secured as provided in Section 3.07 hereof.

Section 3.03. Municipal Obligations Amortization Principal and interest payments on the Municipal Obligations shall be due on the dates set forth in Exhibit B of this FAA. The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Municipal Obligations is disbursed and that the full amount of Principal Forgiveness available is applied to the Loan on July 22,

2026. It is understood that the actual amounts of the Municipality's Municipal Obligations payments shall be based on the actual dates and amounts of disbursements on the Municipal Obligations. Notwithstanding the foregoing or anything in the Municipal Obligations, the Municipal Obligations shall be for no longer than thirty (30) years from the date of this FAA and shall mature and be fully amortized not later than thirty (30) years after the original issue date of the Municipal Obligations. Repayment of principal on the Municipal Obligations shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.04. Sale and Redemption of Municipal Obligations

- (a) Municipal Obligations may not be prepaid without the prior written consent of the SDWLP. The SDWLP has sole discretion to withhold such consent.
- (b) The Municipality shall pay all costs and expenses of the SDWLP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the SDWLP and any investment losses incurred or sustained by the SDWLP resulting directly or indirectly from any such prepayment.
- (c) Subject to subsection (a), the Municipality may prepay the Municipal Obligations with any settlements received from any third party relating to the design or construction of the Project.
- (d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.05. Disbursement of Financial Assistance

- (a) Under this FAA, Financial Assistance shall be drawn in the order specified in Section 3.01(d) of this document.
- (b) Each disbursement request shall be delivered to DNR. Each request must contain invoices or other evidence acceptable to DNR and DOA that Project Costs for which disbursement of Financial Assistance is requested have been incurred by the Municipality.
- (c) The SDWLP, through its agents or Trustee, plans to make disbursements of Financial Assistance on a semimonthly basis upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.
- (d) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.
  - (1) If the Financial Assistance is not yet fully disbursed, and SDWLP funds were previously disbursed for costs not eligible for SDWLP funding or not eligible under this FAA, the SDWLP shall make necessary adjustments to future disbursements.
  - (2) If the Financial Assistance is fully disbursed, including disbursements for any costs not eligible for SDWLP funding or not eligible under this FAA, the Municipality agrees to repay to the SDWLP an amount equal to the non-eligible costs within 60 days of notification by DNR or DOA. The SDWLP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance available to which the recovery may be applied).

(e) The SDWLP or its agent shall disburse Financial Assistance only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.

(f) Disbursement beyond ninety-five percent (95%) of the Financial Assistance, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:

- (1) DNR is satisfied that the Project has been completed in accordance with the Plans and Specifications, and DNR has approved all change orders relating to the Project;
- (2) the Municipality certifies to DNR its acceptance of the Project from its contractors;
- (3) the Municipality certifies in writing to DNR its compliance with applicable Federal requirements (certification must be as prescribed on Exhibit C);
- (4) the Municipality furnishes reports and provides data and such other information as SDWLP may require prior to Project closeout; and
- (5) DNR certifies in writing to DOA the Municipality's compliance with all applicable requirements of this FAA.

(g) Treas. Regs. 26 CFR § 1.148-6(d)(1)(iii) applies to project expenditures; it states, in part, "An issuer must account for the allocation of proceeds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date the project, if any, that is financed by the issue is placed in service".

#### Section 3.06. Remedies

(a) If the Municipality:

- (1) or any authorized representative is not complying with federal or state laws, regulations, or requirements relating to the Project, and following due notice by DNR the Project is not brought into compliance within a reasonable period of time; or
- (2) is not complying with or is in violation of any provision set forth in this FAA; or
- (3) is not in compliance with the Statute or the Regulations;

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

- (i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.
- (ii) Project work may be suspended.
- (iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.
- (iv) Other administrative remedies may be pursued.

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for

a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the SDWLP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

- (1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the SDWLP under this FAA. DOA may collect all amounts due the SDWLP by deducting those amounts from any State payments due the Municipality or adding a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.
- (2) The SDWLP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the SDWLP's benefit of the Project and the Water System and of the earnings, income, rents, issues, and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.
- (3) In the case of a joint utility system, the SDWLP may bill the users of the Water system directly.
- (4) The SDWLP may declare the principal amount of the Municipal Obligations immediately due and payable.
- (5) The SDWLP may enforce any right or obligation under this FAA, including the right to seek specific performance or mandamus, whether such action is at law or in equity.
- (6) The SDWLP may increase the interest rate set forth in Section 3.01 hereof to the market interest rate as defined in the Statute and Regulations.

**Section 3.07. Security for the Municipal Obligations**

In accordance with the terms of the Municipal Obligation Resolution:

- (a) as security for the Municipal Obligations, the Municipality hereby pledges the revenue to be derived from the Municipality's Water Rates (which is a dedicated source of revenue); and
- (b) the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's Water Rates or other revenues pledged under Section 3.07(a) above, to any person other than the SDWLP, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality.

**Section 3.08. Effective Date and Term** This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date, and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

**Section 3.09. Other Amounts Payable** The Municipality hereby expressly agrees to pay to the SDWLP:

- (a) such Servicing Fee as the SDWLP may impose pursuant to s. 281.61(5)(b), Wis. Stats., which shall be payable in semiannual installments on each interest payment date; such a Servicing Fee shall be imposed upon the Municipality after approval of a future Biennial Finance Plan by the State of Wisconsin Building Commission which contains a Servicing Fee requirement, schedule, and amount; and

(b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.09 shall be deposited in the Equity Fund established pursuant to the Program Resolution.

#### ARTICLE IV CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance The Municipality agrees to maintain property and liability insurance for the Water System and Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of this FAA. The Municipality agrees to provide written evidence of insurance coverage to the SDWLP upon request at any time during the term of this FAA.

In the event the Water System or Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Loan or to repair or replace the Water System.

#### Section 4.02. Construction of the Project

(a) The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application and the Plans and Specifications. The Municipality shall proceed with the acquisition and construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto, subject to such modifications of Plans and Specifications that alter the cost of the Project, use of space, Project scope, or functional layout, as may be previously approved by DNR.

(b) During construction of the Project, if the Municipality replaces a Lead Service Line in the Water System that results in creation of a partial Lead Service Line due to the private portion of the Service Line also containing lead, or containing galvanized iron or galvanized steel, the SDWLP shall not provide funding for the public Lead Service Line replacement until the private side of the Service Line has also been replaced.

(c) If a Lead Service Line, including both the public portion and the private portion of the line, cannot be replaced in its entirety all at one time, the Municipality shall supply water filters to any affected homes to minimize any harmful effects. The Municipality shall attempt to replace a Service Line in its entirety within 45 days of the start of construction on the Lead Service Line. In no case shall the full replacement period exceed 180 days.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under all construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

#### Section 4.04. Completion of the Project

(a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state, and local laws, ordinances, and regulations applicable thereto. The Municipality shall, with all practical dispatch and in a sound and economical manner, complete or cause to be completed the acquisition and construction of the Project and do all other acts necessary and possible to entitle it to receive

User Fees with respect to the Project at the earliest practicable time. The Municipality shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.

(b) The Municipality shall notify DNR of the Substantial Completion of the Project. The Municipality shall cause to be prepared as-built plans for the Project at or prior to completion thereof.

(c) The Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in accordance with the terms of the contracts including, without limitation, the correcting of defective work.

(d) Upon Final Completion of the Project in accordance with the Plans and Specifications, the Municipality shall:

- (1) certify to DNR its acceptance of the Project from its contractors, subject to claims against contractors and third parties;
- (2) complete and deliver to DNR the completed Utilization of Disadvantaged Business Enterprises (DBE) form attached hereto as Exhibit E of this FAA;
- (3) prepare and deliver to DNR the completed Federal Requirements Compliance Certification attached hereto as Exhibit C of this FAA;
- (4) certify compliance with Section 4.02 of this FAA; and
- (5) obtain all required permits and authorizations from appropriate authorities, if required, for operation and use of the Project.
- (6) document and deliver to DNR the following information regarding any Lead Service Lines that were encountered and replaced during the project:
  1. property address,
  2. property type (residential, school, daycare, commercial, other),
  3. original Service Line material,
  4. new Service Line material; and
  5. Service Line ownership (public, private, both).

#### Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Financial Assistance amount, the SDWLP may allocate additional financial assistance to the Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Statute and Regulations. The allocation of additional financial assistance shall depend upon availability of funds pursuant to the Statute and the Regulations.

(b) In the event this Financial Assistance is not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Financial Assistance, and shall not be entitled to any reimbursement therefor from the SDWLP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the SDWLP pursuant to an amendment of this FAA or through a separate financial assistance agreement.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the SDWLP, DOA, DNR, nor the Trustee makes any warranty, either express or implied, as to the Project or its condition, or that it shall be suitable for the Municipality's purposes or needs, or that the Financial Assistance shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, the Plans and Specifications, or other documents, or the inspection of Project construction by DNR, does not relieve the Municipality of its responsibility to properly plan, design, build, and effectively operate and maintain the Project as required by laws, regulations, permits, and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, indemnity, or other contractual requirements from any party performing Project work.

## ARTICLE V COVENANTS

Section 5.01. Application of Financial Assistance The Municipality shall apply the proceeds of the Financial Assistance solely to Project Costs.

Section 5.02. Operation and Maintenance

(a) After completion of the Project, the Municipality shall:

- (1) at all times operate the Project or otherwise cause the Project to be operated properly and in a sound and economical manner, including proper training of personnel;
- (2) maintain, preserve, and keep the Project or cause the Project to be maintained, preserved, and kept in good repair, working order, and condition; and
- (3) periodically make, or cause to be made, all necessary and proper repairs, replacements, and renewals so that at all times the operation of the Project may be properly conducted in a manner that is consistent with the Project performance standards contained in the Application and the requirements of the Water Diversion Permit (if any).

(b) So long as the Loan is outstanding, the Municipality shall not, without the approval of DNR, discontinue operation of, sell, or otherwise dispose of the Water System or Project, except for portions of the Water System sold or otherwise disposed of in the course of ordinary repair and replacement of parts.

Section 5.03. Compliance with Law At all times during construction of the Project and operation of the Water System, the Municipality shall comply with all applicable federal, state, and local laws, ordinances, rules, regulations, permits, and approvals, including, without limitation, the Statute, the Regulations, and the Water Diversion Permit (if any), and with this FAA.

Section 5.04. Public Ownership The Municipality shall at all times retain ownership of the Project and the Water System of which it is a part.

Section 5.05. Establishment of Project Accounts; Audits

(a) The Municipality shall maintain Project accounts in accordance with generally accepted accounting principles (GAAP), including standards relating to the reporting of infrastructure assets and directions issued by the SDWLP. Without any request the Municipality shall furnish

to DOA as soon as available, and in any event within one hundred eighty (180) days after the close of each fiscal year, a copy of the audit report for such year and accompanying GAAP-based financial statements for such period, as examined and reported by independent certified public accountants of recognized standing selected by the Municipality and reasonably satisfactory to DOA, whose reports shall indicate that the accompanying financial statements have been prepared in conformity with GAAP and include standards relating to the reporting of infrastructure assets.

(b) The Municipality shall maintain a separate account that reflects the receipt and expenditure of all SDWLP funds for the Project. All Financial Assistance shall be credited promptly upon receipt thereof and shall be reimbursement for or expended only for Project Costs. The Municipality shall: permit any authorized representative of DNR or DOA, or agents thereof, the right to review or audit all records relating to the Project or the Financial Assistance; produce, or cause to be produced, all records relating to any work performed under the terms of this FAA for examination at such times as may be designated by any of them; permit extracts and copies of the Project records to be made by any of them; and fulfill information requests by any of them.

Section 5.06. Records The Municipality shall retain all files, books, documents, and records relating to construction of the Project for at least three years following the date of Final Completion of the Project, or for longer periods if necessary due to any appeal, dispute, or litigation. All other files and records relating to the Project shall be retained so long as this FAA remains in effect. As-built plans for the Project shall be retained for the useful life of the Project.

Section 5.07. Project Areas The Municipality shall permit representatives of DNR access to the Project and related records at all reasonable times, include provisions in all contracts permitting such access during construction and operation of the Water System, and allow extracts and copies of Project records to be made by DNR representatives.

Section 5.08. Engineering Inspection The Municipality shall provide competent and adequate inspection of all Project construction under the direction of a professional engineer licensed in the State. The Municipality shall direct such engineer to inspect work necessary for the construction of the Project and to determine whether such work has been performed in accordance with the Plans and Specifications. Any such work not in accordance with the Plans and Specifications shall be remedied unless such noncompliance is waived by DNR.

Section 5.09. Tax Covenants

(a) The Municipality covenants and agrees that it shall not take any action, or omit to take any action, which action or omission would result in the loss of the exclusion of the interest on any Municipal Obligations now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code or any successor provision.

(b) The Municipality shall not take any action, or omit to take any action, which action or omission would cause its Municipal Obligations to be "private activity bonds" within the meaning of Section 141(a) of the Code or any successor provision.

(c) The Municipality shall not directly or indirectly use, or permit the use of, any proceeds of the Bonds (or amounts replaced with such proceeds) or any other funds, or take any action, or omit to take any action, which use or action or omission would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code or any successor provision. The Municipality hereby further covenants to ensure that all amounts actually received by such Municipality from the SDWLP are advanced within three Business Days to the entity submitting the invoice (or to reimburse the Municipality) to which each amount relates, and that all amounts

actually received by such Municipality from the SDWLP shall not be invested in any interest-bearing account.

(d) The Municipality shall not use (directly or indirectly) the proceeds of the Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(2) of the Code or any successor provision. Without limiting the foregoing, any proceeds of the Bonds used to repay interim or other prior financing of Project Costs shall be applied within three (3) Business Days of receipt of the proceeds to the payment of principal of such financing.

Section 5.10. User Fee Covenant

(a) The Municipality hereby certifies that it has adopted and shall charge User Fees with respect to the Project in accordance with applicable laws and the Statute and in amounts such that revenues of the Municipality with respect to the Project shall be sufficient, together with other funds available to the Municipality for such purposes, to pay all costs of operating and maintaining the Project in accordance with this FAA and to pay all amounts due under this FAA and the Municipal Obligations.

(b) The Municipality covenants that it shall adopt, and adequately maintain for the design life of the Project, a system of User Fees with respect to the Project. The Municipality covenants that it shall, from time to time, revise and charge User Fees with respect to the Project such that the revenues and funds described in paragraph (a) shall be sufficient to pay the costs described in paragraph (a).

Section 5.11. Notice of Impaired System The Municipality shall promptly notify DNR and DOA in the case of: any material damage to or destruction of the Project or any part thereof; any actual or threatened proceedings for the purpose of taking or otherwise affecting by condemnation, eminent domain, or otherwise, all or a part of the Water System; or any action, suit, or proceeding at law or in equity, or by or before any governmental instrumentality or agency, or any other event which may impair the ability of the Municipality to construct the Project, operate the Water System, or set and collect User Fees as set forth in Section 5.10.

Section 5.12. Hold Harmless The Municipality shall save, keep harmless, and defend DNR and DOA, and all their officers, employees, and agents, against any and all liability, claims, and costs of whatever kind and nature for injury to or death of any person or persons and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the construction, occupancy, use, service, operation, or performance of work in connection with the Project, the Water System, or acts or omissions of the Municipality's employees, agents, or representatives.

Section 5.13. Nondiscrimination Covenant

(a) In connection with the Project, the Municipality agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but is not limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Municipality agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provision of the nondiscrimination clause.

(b) The Municipality shall incorporate the following provision into all Project contracts which have yet to be executed: "In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant because of age, race, religion, color, handicap, sex, physical condition, developmental disability, or national origin.

The contractor further agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor further agrees to take affirmative action to ensure equal employment opportunities for persons with disabilities. The contractor agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provisions of the nondiscrimination clause."

(c) The Municipality shall follow all federal statutes and regulations prohibiting discrimination, without limitation, including the following:

- (1) Age Discrimination Act, Pub. L. 94-135
- (2) Equal Employment Opportunity, Executive Order 11246
- (3) Section 13 of the Clean Water Act, Pub. L. 92-500
- (4) Section 504 of the Rehabilitation Act, Pub. L 93-112 supplemented by Executive Orders 11914 and 11250
- (5) Title VI of the Civil Rights Act, Pub. L 88-352
- (6) Participation by Disadvantaged Business Enterprises in Procurement, s. NR 162.08(4) and s. NR 166.11(4) Wis. Adm. Code.

Section 5.14. Employees The Municipality or its employees or agents are not employees or agents of the DNR or DOA for any purpose including worker's compensation.

Section 5.15. Adequate Funds The Municipality shall have sufficient funds available to repay the Municipal Obligations. The Municipality shall have sufficient funds available when construction of the Project is completed to ensure effective operation and maintenance of the Project for purposes constructed.

Section 5.16. Management The Municipality shall provide and maintain competent and adequate management, supervision, and inspection at the construction site to ensure that the completed work conforms to the Plans and Specifications. The Municipality shall furnish progress reports and such other information as DNR may require.

Section 5.17. Reimbursement Any disbursement of Financial Assistance to the Municipality in excess of the amount determined by final audit to be due the Municipality shall be reimbursed to DOA within 60 days after DNR or DOA provides a notice stating the amount of excess funds disbursed.

Section 5.18. Unpaid User Fees

The Municipality shall, to the fullest extent permitted by law, take all actions necessary to certify any unpaid User Fees to the county treasurer in order that such unpaid User Fees shall be added as a special charge to the property tax bill of the user.

Section 5.19. Rebates The Municipality agrees to pay to the SDWLP any refunds, rebates, credits, or other amounts received for Project Costs for which disbursement of funds has already been made by the SDWLP. The SDWLP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding principal balance for the Project).

Section 5.20. Maintenance of Legal Existence

(a) Except as provided in par. (b), the Municipality shall maintain its legal existence and shall not dissolve or otherwise dispose of all or substantially all of its assets and shall not consolidate with or merge into another legal entity.

(b) A Municipality may consolidate with or merge into any other legal entity, dissolve or otherwise dispose of all of its assets or substantially all of its assets, or transfer all or substantially all of its assets to another legal entity (and thereafter be released of all further obligation under this FAA and the Municipal Obligations) if:

- (1) the resulting, surviving, or transferee legal entity is a legal entity established and duly existing under the laws of Wisconsin;
- (2) such resulting, surviving, or transferee legal entity is eligible to receive financial assistance under the Statute;
- (3) such resulting, surviving, or transferee legal entity expressly assumes in writing all of the obligations of the Municipality contained in this FAA and the Municipal Obligations and any other documents the SDWLP deems reasonably necessary to protect its environmental and credit interests; and
- (4) the SDWLP consents in writing to such transaction, which consent may be withheld in the absolute discretion of the SDWLP.

Section 5.21. Wage Rate Requirements The Municipality represents that it shall comply with Section 1450(e) of the Act (42 USC 300j-9(e)), which requires that all laborers and mechanics employed by contractors and subcontractors funded directly by, or assisted in whole or in part with, funding under the Loan shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor (DOL) in accordance with subchapter IV of chapter 31 of title 40, United States Code.

Section 5.22. American Iron and Steel and Build America, Buy America The Municipality agrees to comply with all federal requirements applicable to the Project, including those imposed by the Infrastructure Investment and Jobs Act, which the Municipality understands requires that all iron and steel, manufactured products, and construction materials used in the Project are to be produced in the United States (Build America, Buy America requirements) unless the Municipality requested and obtained a waiver from the cognizant agency pertaining to the Project or the Project is otherwise covered by a general applicability waiver.

If the Municipality is exempt from Build America, Buy America requirements due to a waiver, the Municipality shall comply with the requirements for use of American Iron and Steel contained in Public Law 115-114 for products used in the Project that are made primarily of iron and/or steel. If the Municipality is not exempt from Build America, Buy America requirements, EPA views the American Iron and Steel requirements as meeting the iron and steel product requirements of Build America, Buy America Section 70914.

The Municipality agrees to comply with all record keeping and reporting requirements under all applicable legal authorities, including any reports required by the funding authority (such as EPA and/or the SDWLP), such as records regarding performance indicators of program deliverables, information on costs, and Project progress reports. The Municipality understands that: (i) each contract and subcontract related to the Project is subject to audit by appropriate federal and state entities, and (ii) failure to comply with the applicable legal requirements and this FAA may result in a default hereunder that results in: a repayment of the assistance agreement in advance of the maturity of the Bonds;

termination and/or repayment of grants, cooperative agreements, or direct assistance; or other remedial actions.

Section 5.23. Federal Single Audit At the time of signing of this FAA, the funds awarded to the Municipality for this Project are considered to be subject to federal single audit requirements, but such consideration may change subsequent to this FAA if any changes are made to federal single audit requirements applicable to municipalities. To the extent applicable, the Municipality shall comply with the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Rewards (Uniform Guidance). For auditor's reference, the SDWLP Project falls under Catalog of Federal Domestic Assistance number 66.468. Without any request the Municipality shall furnish to DOA, at [doaeif@wisconsin.gov](mailto:doaeif@wisconsin.gov) as soon as available, and in any event within 30 days after completion, the Federal Single Audit. Notification must include acknowledgement of any state revolving fund findings and/or resolution of prior year findings.

Section 5.24. Federal Equivalency Project The Municipality covenants that the Project shall comply with federal requirements applicable to activities supported with federal funds, a list of which is included as Exhibit G of this FAA.

All amendments, supplements, and modifications shall be in writing between the SDWLP by DNR and DOA acting under authority of the Statute and the Municipality.

Section 6.05. Execution in Counterparts This FAA may be executed in several counterparts, each of which shall be an original, and all of which shall constitute but one and the same instrument.

Section 6.06. Applicable Law This FAA shall be governed by and construed in accordance with the laws of the State, including the Statute.

Section 6.07. Benefit of Financial Assistance Agreement This FAA is executed, among other reasons, to induce the purchase of the Municipal Obligations. Accordingly, all duties, covenants, obligations, and agreements of the Municipality herein contained are hereby declared to be for the benefit of, and are enforceable by, the SDWLP, the Trustee, or their authorized agents.

Section 6.08. Further Assurances The Municipality shall, at the request of DNR and DOA, authorize, execute, acknowledge, and deliver such further resolutions, conveyances, transfers, assurances, financing statements, and other instruments as may be necessary or desirable for: better assuring, conveying, awarding, assigning, and confirming the rights, security interests, and agreements awarded or intended to be awarded by this FAA and relating to the Municipal Obligations.

Section 6.10. Covenant by Municipality as to Compliance with Program Resolution The Municipality covenants and agrees that it shall comply with the provisions of the Program Resolution with respect to the Municipality, and that the Trustee and the owners of the Bonds shall have the power and authority provided in the Program Resolution. The Municipality further agrees to aid in the furnishing to DNR, DOA, or the Trustee of opinions that may be required under the Program Resolution.

Section 6.11. Termination This FAA may be terminated in whole or in part pursuant to one or more of the following:

- (b) If the Municipality wishes to unilaterally terminate all or any part of the Project work for which Financial Assistance has been awarded, the Municipality shall promptly give written notice to

DNR. If the SDWLP determines that there is a reasonable basis for the requested termination, the SDWLP may enter into a termination agreement, including provisions for FAA termination costs, effective with the date of cessation of the Project work by the Municipality. If the SDWLP determines that the Municipality has ceased work on the Project without reasonable basis, the SDWLP may unilaterally terminate Financial Assistance or rescind this FAA.

Section 6.12. Rescission The SDWLP may rescind this FAA prior to the first disbursement of any funds hereunder if it determines that:

- (a) there has been substantial non-performance of the Project work by the recipient without justification under the circumstances;
- (b) there is substantial evidence this FAA was obtained by fraud;
- (c) there is substantial evidence of gross abuse or corrupt practices in the administration of the Project;
- (d) the Municipality has failed to comply with the covenants contained in this FAA; or

PROJECT MANAGER SUMMARY PAGE

VILLAGE OF PALMYRA  
SDWLP Project No. 4998-03

1. Project Description: This Project focuses on the construction of a water treatment plant (WTP) to treat PFAS-impacted water from existing wells #1 and #3 in the Municipality. The WTP will include new granular activated carbon pressure filtration vessels and a sodium hypochlorite chemical feed room to treat the water before distribution. The Project will also connect wells #1 and #3 to the WTP and the WTP with the distribution system using buried water mains.

All LSL replacements must result in complete removal of all lead components between the watermain and the connection point inside the building. Galvanized Service Lines, on the public or the private side, are considered lead for the purpose of determining whether a Lead Service Line has been completely replaced.

If a Lead Service Line, including both the public portion and the private portion of the line, cannot be replaced in its entirety at one time, resulting in a Service Line that is temporarily composed partially of lead, the water utility is required to provide the customer with point-of-use filtration during the time between replacements. Filters must be models that have been tested and certified to NSF/ANSI 53 for the reduction of lead. Filters must also be supplied for six months following full LSL replacements. Funding through this FAA shall not be disbursed for those lines until all lead components have been completely replaced, and such replacement is recommended to be completed within 45 days of the initial replacements of a portion of the Lead Service Line but should be replaced within 90 days, unless the public side of the Lead Service Line was replaced prior to participation in the LSL Replacement Program. Please refer to the LSL Replacement Best Practices document attached as Exhibit H.

2. Ineligible Costs: There are no ineligible costs associated with this Project.
3. Other Funding Sources: The Municipality's settlement funds will cover \$140,821.36 of construction costs and internal funds will cover \$50,000.00 of miscellaneous costs.
4. Miscellaneous Costs: As shown in the Project Budget Sheet Summary (Exhibit A), SDWLP funding in the amount of \$63,000.00 is included in the Miscellaneous category for:
  - ◆ Administrative Expenses - \$1,000
  - ◆ Pickup Truck \* - \$50,000
  - ◆ Rate Case Study - \$14,000

Items denoted by an asterisk (\*) require review and approval by the DNR construction management engineer (CME) **prior** to reimbursement from the SDWLP. The Municipality must provide the CME a copy of the vendor's invoice, procurement method used, and applicable state documentation. After the CME determines eligibility and gives approval, the Municipality may then request reimbursement from the SDWLP.

5. Contingency Allowance: The Contingency allowance of \$288,951. is five percent of the amount of uncompleted construction work. The contingency allowance of \$40,000 is for 3<sup>rd</sup> Party Inspection. The Municipality must obtain DNR construction management engineer (CME) approval of change orders prior to requesting reimbursement.
6. Disadvantaged Business Enterprise (DBE) Good Faith Effort: The Municipality and Mid City Corporation made good faith efforts to meet DBE solicitation requirements during advertising and bidding. Contractors are required to solicit for DBEs if they do any subcontracting. Daneil Manesis is a DBE being utilized on this project for trucking with a contract amount of \$5,000.00.
7. Green Project Reserve: No GPR elements were identified during the review of this Project.

8. Build America, Buy America: This Project is subject to the Build America, Buy America requirements of Title IX of the Infrastructure Investment and Jobs Act, Public Law No. 117-58, §§ 70901-52. If this Project is exempt from Build America, Buy America requirements under a project specific or general applicability waiver, the Project is still subject to use of American Iron and Steel requirements of Section 1452 of the Act.
9. Environmental Review:  
The SDWLP has determined through an environmental assessment that the Project will result in a Categorical Exclusion, under §6.204 (a)(1) with requirements and recommendations. A construction site storm water permit may be required if the contiguous Project area exceeds one acre. The Project is coincident with NRHP-listed Palmyra Boy Scout Cabin (AHI 6811). The Project has cleared archeological and historical review.
10. Principal Forgiveness: The Municipality is eligible to receive Emerging Contaminants Principal Forgiveness for PFAS and manganese remediation for 70% of the Emerging Contaminants-related Project Costs, up to a maximum of \$4,267,991.00. The SDWLP will process all disbursements at a rate of 70% Principal Forgiveness up to the maximum of \$4,267,991.00
11. Federal Single Audit: This Project is being financed with federal funds and is subject to the Federal Single Audit requirements referenced in Section 5.23 of this FAA. If the Municipality receives more than \$1,000,000 of money that originates from any federal source in a calendar year, then it must commission a Federal Single Audit as part of its regular financial audit. The Catalog of Federal Domestic Assistance number is 66.468 for drinking water project disbursements funded with federal money.
