

Village of Palmyra

AGENDA ITEM REQUEST FORM

Committee/Board:	Village Board
Topic:	Boy Scout Cabin roof
From:	Clerk
Department:	Clerk
Presenter:	Clerk
Date of Committee Action (if required):	July 6, 2026
Date of Village Board Action (if required):	July 6, 2026 or as soon as you can make a decision

Information

Subject: The boy scout cabin roof has had a section of shingles blow off, it is over 20 years old.

Background Information/Rationale: Scott H. and I have contacted 2 contractors and received their quotes. They said that just putting the old section of shingles back on is not the proper way to fix the roof, as it may cause more shingles to come off. The roof is over 20 years old.

Key Issues for Consideration: This is an unbudgeted item, but it also is important to take care of the roof so it does not begin to leak. I have reached out to Alissa Simmons from the Historic Preservation Commission to see if she is aware of any grants that might be available.

Whitewater, Wi 53190
NMLS #2365896

Fiscal Impact (if any): we could do a 1 year note on this and pay it off in 2027 through the tax levy/debt service. Or do more research to see if we can get any volunteer to fix the roof or get a grant.

Requested Action by Committee/Board: just decide which direction you want to go with this project.

Thank you
