Information

Subject: Health Insurance for Village employees

Background Information/Rationale: Last year Quartz Health insurance dropped Pro Healthcare as a covered provider so a lot of the village employees had to change doctors. Carmen from R & R Insurance has been working on getting me quotes for renewal. I asked her to get me a renewal of Oct. 1st so we can better budget. She also searched for a carrier that covers Pro Healthcare.

Key Issues for Consideration: Anthem is coming in at -1.58% price under what we are currently paying with Quartz. This is for one year : Oct. 2026 – Oct 2027. Allow employees to get back to their Pro Health doctors.

Fiscal Impact (If any): None it would be a savings

Requested Action by Committee/Board: After getting information from Carmen at the meeting decide if you would like to renew with Anthem on Oct. 1st. We had Anthem insurance a few back as well

Thank you
