Water

Installed meters for the summer at the Rivers Edge Park and Union Cemetery.

Catholic Cemetery meter location in the manhole needs some work by Town and Country when doing the hydrant at Forest and Highland. Shut offs are broke and not easily accessible.

Had to shut off water main on Menominee St around 313. Due to his curb stop not working so he could change out his main line valve.

Sanitary Survey done by the DNR on May 4th. Sophia liked how things were changing and heading in the right direction. We have to fix a few minor things at the well houses. Her biggest thing was they did not like we had only 1 operational well for the village. She also mentioned we should not sell Bulk Water anymore.

Sewer

Plant is running well, our aerator that's be fixed Sabel should be back installed within a week.

Started the UV disinfection on our effluent and doing weekly test on the effluent for any E.coli. That's required May-September.

Public Works

Hired a laborer to help with day to day operations.

Working on dump site to make more room and more organized if possible.

NR asphalt is done with patching, line painting and crack filling (Theresa Ln, Highlander)

Recieved bids for Electrical in the shop from Aubrey and GL Electric.

Received bids for resurfacing McArthur and Wisconsin Streets.

Mayville EMS responded to 9 calls within the Village of Theresa during the month of April.

We are currently finishing up our Spring EMT class and are excited to begin our Advanced EMT (AEMT) course this fall. Continuing education and provider development remain a priority as we work to strengthen emergency medical services for our community.

We are currently coordinating with the Theresa Police Department to finalize training dates in preparation for officers to begin utilizing their first responder skills.

Thank you for your continued partnership with Mayville EMS.

Sincerely,

Julie Staffin
