WATER

All bigger water test have been completed for the year and we are all compliant. Just have the monthly Bacteria tests left.

On 8-9-26 we lost communication with the water tower. The PLC at the tower was bad. LW Allen come on 8-10-26 and replaced with a new (used) one. Because the model we have is discontinued.

WASTEWATER

Trying to figure out why our Phosphorus is continuing to be high. We have a monthly limit of 1. We have been exceeding that for the last 2 months. We drained one Clarifier, roughly 60,000 gallons to clean and to make sure its functioning right. That is not the issue. We are now testing our Influent for phosphorus to see how much is coming in.

Found a new chemical company out of Appleton to buy our Polymer from. Polymer is used to thicken our sludge. It will cut the cost in half.

PUBLIC WORKS

Installed 3 benches near the river at Rivers Edge Park. We also fixed the picnic tables at the same park. Also placed gravel by the boat launch for a smoother transition.

Continue to get a handle on the weeds in the curb and gutter of some roads.

Curb and gutter poured on the corner of Forest and Highland, we then planted grass.

Crack filling on Rock River St, between Milwaukee and Menomonee.

Ordinance 2026-02

§ 343-37. Private well abandonment.

- A. Purpose. The purpose of this section is to prevent unused and/or improperly constructed wells from serving as a passage for contaminated surface or near-surface waters or other materials to reach the usable groundwater. These wells must be properly filled and sealed.
- B. Coverage. All private wells located on any premises which is served by the public water system of the Village shall be properly filled and sealed. Only those wells for which a well operation permit has been granted by the Village Clerk-Treasurer may be exempted from this requirement; subject to conditions of maintenance and operation.
- C. Well operation permits. A permit may be granted, upon payment of the fee prescribed by Chapter 167, Fees, to a well owner to operate a well for a period not to exceed 5 years if the following requirements are met. Application shall be made on forms provided by the Village Clerk-Treasurer. **[Amended 4-5-2021 by Ord. No. 2021-02]**
- (1) That a minimum of one safe sample be taken prior to issuing or reissuing the permit to establish that the water is bacteriologically safe. Test kits may be ordered from any state-certified lab.
 - (2) That the well and pump system be evaluated by a licensed well driller or pump installer and certified to comply with Ch. NR 812 sub Ch. IV, prior to issuing the initial permit and no less than every 5 years afterwards.
 - (3) Prohibition of unapproved cross-connections between any private well and pump installations and the municipal water system.
 - (4) Submit written documentation of the well and pump inspection indicating compliance with Ch. NR 812 requirements using standardized forms provided by the department.
- D. Methods. Wells to be abandoned shall be filled according to the procedures outlined in Ch. NR 812, Wis. Adm. Code. The pump and piping must be removed and the well checked for obstructions prior to plugging. Any obstruction or liner must be removed.
- E. Report and inspection. Upon the completion of the abandonment and sealing of a well, a well abandonment report shall be forthwith submitted by the owner to the Wisconsin Department of Natural Resources on the appropriate form.
- F. Penalties. Any person, firm or other well owner violating any provision of this section may, upon conviction thereof, be subject to the provisions set forth in Chapter 1, § 1-5 of this Code.

RESOLUTION NO. 2026-13

A RESOLUTION AUTHORIZING A LOAN FOR STREET IMPROVEMENTS, SECURITY CAMERA IMPROVEMENTS, AND ELECTRICAL IMPROVEMENTS

WHEREAS, the Village Board has determined it is necessary to do improvements in the Village, and

WHEREAS, the Village of Theresa seeks to finance these expenditures through a loan from National Exchange Bank & Trust in the amount of One Hundred Forty Thousand Dollars (\$140,000.00); and

WHEREAS, National Exchange Bank & Trust has offered financing for a five-year term at an interest rate of 4.45%, with a \$500.00 closing fee and no prepayment penalty.

1. The Village of Theresa is hereby authorized to borrow the sum of \$140,000.00 from National Exchange Bank & Trust for the purposes set forth above, for a five-year term at an interest rate of 4.45%, with a \$500.00 closing fee and no prepayment penalty.

1. The Village of Theresa is hereby authorized to borrow the sum of \$140,000.00 for the purposes set forth above.

2. The Village President and Clerk-Treasurer are authorized to execute all loan agreements, promissory notes, security instruments, and related financial documents necessary to complete this financing.

4. Repayment of the loan shall be made in accordance with the terms stated herein and the final loan documents with National Exchange Bank & Trust and shall be properly appropriated in the Village's annual budget.

4. Repayment of the loan shall be made in accordance with the terms negotiated with the lending institution and properly appropriated in the Village's annual budget.

5. This Resolution shall take effect immediately upon its adoption.

Adopted by the Village Board of the Village of Theresa this 24th day of August, 2026.

Clerk-Treasurer's Administrative Report
Meeting Month: August 2026
Prepared by: Becky Tellier, Clerk-Treasurer

Regular Monthly Duties

- Prepared agendas, packets, and minutes for Village Board and committee meetings.
 - Processed accounts payable and accounts receivable; coordinated check runs and electronic payments.
 - Processed payroll, payroll tax deposits, and benefit withholdings.
 - Completed routine bank deposits and continued work on monthly bank reconciliations.
 - Responded to resident, trustee, and staff inquiries by phone, email, and in person.
 - Processed utility payments and tracked delinquencies.
 - Maintained Village records, filing, and retention per statutory requirements.
 - Posted required public notices on the Village website, and outside Village Hall.
-

Projects & Notable Tasks – July

- **Audit**
 - Notified the firms that submitted audit proposals of the Board's selection and provided information regarding the factors considered in the decision.
- **Professional Development**
 - I would like to share some professional development news. I recently completed all requirements and was accepted as a Paul Craig Athenian Fellow in the Athenian Leadership Society. This is the Society's highest level of recognition and reflects completion of an extensive leadership development program focused on ethical leadership, communication, and decision-making. I appreciate the Board's continued support of professional education, as these opportunities help me better serve the Village of Theresa.
- **Ordinance Updates**
 - Work on Fee Schedule updates and comparisons with surrounding municipalities
- **Administrative Research**
 - 625 N Menomonee Street, Parcel 186-1217-1042-019 – Potential buyer asked if a worm farm would be allowed in industrial zoning
 - Supplemental County and Municipal Aid (SCMA)/Shared Revenue received under Act 12 – sent the information to the Chair of Finance and Personnel
 - Parcel 186-1217-1034-000 – Potential buyer interested in rezoning from Conservancy District (CD) to Commercial. Zoning application submitted with payment and holding until Chief Markus can discuss options with potential buyer

○ Cat Registrations

- I posted a question on the ClerkList requesting information from other municipalities regarding whether they require cats to be licensed/registered and the reasons for or against doing so.
- One concern raised is rabies vaccination documentation. Unlike dogs, Wisconsin statutes do not impose the same statewide rabies vaccination requirement on cats. Therefore, requiring proof of rabies vaccination as a condition of a local cat license may create practical issues, particularly for cats that do not routinely receive veterinary care.
- Even if the Village chooses not to require cat licensing, cats could still be included when establishing or enforcing a limit on the total number of household pets permitted at a residence.
- Another consideration is stray-cat enforcement. If the Village requires cats to be licensed, it may create an expectation that stray or unlicensed cats will also be picked up and handled through the Village's animal-control process, potentially resulting in additional Humane Society costs.
- Some municipalities indicated that their cat-licensing requirements are connected to participation in Bird City Wisconsin or broader efforts to address free-roaming cats and protect bird populations.
