Village of Whiting Snow Removal Contract

1. Snow/Ice Removal Description:

- a. The Village of Whiting is entering into a contract for snow removal on Village roads based upon a season (ex: Winter of 2026/2027). The price will include as many, or as few snow plowings as are required during this "season" and should be made payable on a monthly basis. The season's snow removal contract price will be paid in 5 monthly installments of \$10,609 invoiced on the first day of the following months: November, December, January, February, and March.
- b. If the winter season begins before November 1st or continues past March 31st, and snow removal is requested by the Village, an hourly rate per truck shall be given, and only utilized/billed if requested.
- c. If ice accumulations on roadways become a hazard, and the Village requests assistance to remove the ice accumulation, an hourly rate per loader shall be given, and only utilized/billed if requested.
- d. A separate contract price will be requested for salt and/or sand/salt application. This price should be based on tons of material used and billed as it is used.

2. Contract Pricing:

Contractor: **Zblewski Bros. LLC**

Seasonal Snow Removal Contract Price:**\$53,045***

Per Ton of Salt:**\$205.00**

Per Ton of Sand/Salt:**\$132.00 per ton****

Hourly Plow Truck Rate (1 Truck).....**\$140.00 per hour**

Hourly Loader Rater (1 Loader)**\$175.00 per hour**

Hourly Dump Truck (1 Truck)**\$125.00 per hour**

Contract Term:**2 Season Term*****

* A fuel surcharge will be added to the seasonal snow removal contract price if fuel prices reach \$4.00 per gallon. At \$4.00 per gallon, there will be a 1% increase. Every 10 cents the fuel price increases above \$4.00 per gallon will result in another 1% of fuel surcharge. For an example calculation, assume the contractor used 50 gallons of fuel during one snow event at \$4.50 per gallon fuel price. The surcharge would be $\$4.50 \times 50 \text{ gallons} = \$225 \times 5\% = \$11.25$ fuel surcharge for that one event.

** \$132 per ton of sand/salt may increase if the contractor sees a cost increase to purchase their allotment of salt for the season. If straight salt is used, the contract price is \$205 per ton.

*** Contract term of two seasons is to include the winter seasons of 2026/2027, 2027/2028.

3. Plowing Operations – Village Requirements

- a. Snow removal equipment should be equipped such that snow is removed from the roadway providing a clean scraped surface and shoulder and equally distributed in the Village right of way on each side of the road. Intersections should be completely cleared of snow and slush.
- b. Snow removal operations will be required for any event with accumulations greater than or equal to 1 (one) inch of precipitation.
- c. Commencement of snow removal and sand/salt applications are to be addressed on a case-by-case basis. There are many factors that are considered as to when snow removal should begin such as depth of snow, duration until snowfall ceases, predicted snowfall, and time of day. With those factors in mind, the contractor can feel free to contact the Village of Whiting's on-call number (715-572-9434) to ask Village staff if and when snow plowing, and sand/salt application should begin.
- d. Snow removal and sand/salt application should be completed in a timely manner with the ultimate goal of providing safe roadways within the Village.
- e. A list of priority areas will be provided by the Village to indicate where snow removal and salt/sand application should begin.
- f. Maintain a reasonable speed at all times.
- g. Contractor is not liable for any indirect damage to mailboxes or mailbox posts. The contractor should exercise their replacement policies for damage to mailboxes that are a direct result of a collision with the snowplow and/or snowplow equipment. Contractor is not responsible for any mailbox posts and will only pay up to \$25 for any mailbox if hit by snowplow and/or snowplow equipment.
- h. Contractor is not liable for damage to sod, grass, road surface blacktop and/or delineator stakes.

4. Insurance Requirements:

- a. The Village requests that the contractor provide a certificate of insurance showing general liability and automobile liability with minimum limits of \$1,000,000.00.

5. Termination:

- a. For Cause: The Village shall have the right to terminate the snow plowing and salt/sand application contract if the contractor neglects or fails to perform or observe any of the above requirements and/or fails to correct issues that are communicated to the contractor in writing within seven (7) days.
- b. For Convenience: The Village shall have the right to terminate the snow plowing and salt/sand application contract at any time for any reason upon submitting a thirty (30) day prior written notice of the Village's intent to terminate.

RE: Wallace Place Bid Recommendation

A virtual bid opening was held at 3:00pm on August 25th, 2026 for the Wallace Place sewer and water service project.

There were two bidders: Earth, Inc. and Stuczynski Trucking and Excavating Inc.

Stuczynski Trucking & Excavating, Inc		Earth Inc.	
ONLINE	Docs	ONLINE	Docs
Accepted		Accepted	
Unit Price	Extension	Unit Price	Extension
	\$38,008.00		\$53,940.00

Both bidders are qualified to conduct the proposed work with Stuczynski being the apparent, qualified low bidder. Stuczynski's documents were reviewed and all paperwork is in order and acceptable. A copy of those documents can be found below.

A comparison of the Engineer's estimate and Earth, Inc's bid values can be compared on page 2. It should be noted that 3 scenarios and associated bid items were provided for working around the water main. This bid structure allows the contractor to choose what option they prefer to do while assuring the Village has firm pricing that was bid competitively. For example, if Stuczynski chooses to replace a section of water main with C900 PVC, then the quantity and associated dollar amount for the 6" repair clamp with 1" tap for corporation valve would have a quantity of zero reducing the overall project cost by \$2,000 (bid value for that item provided by Stuczynski).

Stuczynski's bid certainly falls within the expectation of the level of effort of the project and is a competitive price for the work. It would be recommended to award the project to Stuczynski Trucking and Excavating in the amount of \$38,008.00

ARTICLE 8—BIDDER'S REPRESENTATIONS AND CERTIFICATIONS

8.01 *Bidder's Representations*

- A. In submitting this Bid, Bidder represents the following:
1. Bidder has examined and carefully studied the Bidding Documents, including Addenda.
 2. Bidder has visited the Site, conducted a thorough visual examination of the Site and adjacent areas, and become familiar with the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
 3. Bidder is familiar with all Laws and Regulations that may affect cost, progress, and performance of the Work.
 4. Bidder has carefully studied the reports of explorations and tests of subsurface conditions at or adjacent to the Site and the drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, with respect to the Technical Data in such reports and drawings.
 5. Bidder has carefully studied the reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, with respect to Technical Data in such reports and drawings.
 6. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and the Technical Data identified in the Supplementary Conditions or by definition, with respect to the effect of such information, observations, and Technical Data on (a) the cost, progress, and performance of the Work; (b) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder, if selected as Contractor; and (c) Bidder's (Contractor's) safety precautions and programs.
 7. Based on the information and observations referred to in the preceding paragraph, Bidder agrees that no further examinations, investigations, explorations, tests, studies, or data

are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

8. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.
9. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and of discrepancies between Site conditions and the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.
10. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
11. The submission of this Bid constitutes an incontrovertible representation by Bidder that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

8.02 *Bidder's Certifications*

A. The Bidder certifies the following:

1. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation.
2. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid.
3. Bidder has not solicited or induced any individual or entity to refrain from bidding.
4. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 8.02.A:
 - a. Corrupt practice means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the bidding process.
 - b. Fraudulent practice means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition.
 - c. Collusive practice means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels.
 - d. Coercive practice means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

BIDDER hereby submits this Bid as set forth above:

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

RESOLUTION NO. 2026-07

RESOLUTION DECLARING OFFICIAL INTENT TO REIMBURSE EXPENDITURES FROM
PROCEEDS OF BORROWING

WHEREAS, the Village of Whiting, Portage County, Wisconsin ("the Municipality") plans to undertake the removal of the existing sludge thickening equipment and the installation of a new rotary fan press in the existing sludge processing area at the Village of Whiting WWTP collectively, "the Project"); and

WHEREAS, the Municipality expects to finance the Project on a long-term basis with financial assistance from Wisconsin's Clean Water Fund Program, which require issuance of tax-exempt bonds (the "Bonds"); and

WHEREAS, because the Bonds will not be issued prior to commencement of the project, the Municipality must provide interim financing to cover costs of the Project incurred prior to receipt of the proceeds of the Bonds; and

WHEREAS, it is necessary, desirable, and in the best interests of the Municipality to advance moneys from its funds on hand on an interim basis to pay the costs of the Project until the Bonds are issued.

NOW, THEREFORE, BE IT RESOLVED, by the Village Board of the Municipality, that:

Section 1. Expenditure of Funds. The Municipality shall make expenditures as needed from its funds on hand to pay the costs of the Project until Bond proceeds become available.

Section 2. Declaration of Official Intent. The Municipality hereby officially declares its intent under Treas. Regs. Section 1.150-2 to reimburse said expenditures with proceeds of the Bonds, the total principal amount of which is not expected to exceed \$800,000.00

Section 3. Unavailability of Long-Term Funds. No funds for payment of the Project from sources other than the Bonds are, or are reasonably expected to be, reserved, allocated on a long term basis, or otherwise set aside by the Municipality pursuant to its budget or financial policies.

Section 4. Public Availability of Official Intent Resolution. This Resolution shall be made available for public inspection at the Village Clerk's office within 30 days after its approval in compliance with applicable State law governing the availability of records of official acts including Subchapter II of Chapter 19, and shall remain available for public inspection until the Bonds are issued.

Section 5. Effective Date. This Resolution shall become effective upon its adoption and approval.

ADOPTED on this ____ day of _____, 2026 by the Village of Whiting, Portage County, Wisconsin.
